React front end developer  
[linkedin.com/in/khloud Elkeye](https://www.linkedin.com/in/khloud%20Elkeye)

## About Me

I'm a Computer Science student passionate about web development currently learning fronted technologies like HTML, CSS, JavaScript, and React through the DEPI initiative. Although I'm still at the beginning of my journey, I'm deeply motivated to build real projects, improve my skills, and grow through hands-on experience and teamwork. I'm looking forward to applying what I'm learning in practical settings and becoming a strong Front-End developer. .
